Subject: Govt.'s resolve to eliminate measles and control rubella/ congenital rubella syndrome in India- schools' participation

India along with other WHO-SFAR countries, in September 2013, resolved to eliminate Measles and control Rubella/ Congenital Rubella Syndrome (CRS) by 2020. In alignment with that, Ministry of Health & Family Welfare is introducing Rubella vaccine in its Universal Immunization Programme (UIP) as Measles-Rubella (MR) vaccine. The vaccine will be introduced as Measles-Rubella Campaign, targeting children from 9 months up to 15 years, in a phased manner, followed by administration of the vaccine in routine immunization.

The campaign aims to rapidly build up immunity for both measles and rubella, and also provides a second opportunity for children left out in routine immunization. The Ministry of Health & Family Welfare, Govt. of India, has approached the Ministry of Human Resource Development, Govt. of India, for supporting the vaccination campaign. The task being a mammoth one, the involvement of schools, teachers and principals is considered crucial for the success of the campaign. Accordingly, the schools affiliated with the Board are requested to participate in this national endeavour to support the Measles-Rubella (MR) help in nation's resolve to eliminate Measles and control Rubella by 2020.
